UPDATES

The P&C team has been busy behind the scenes, and there is plenty happening as we head towards the end of the year!

Bogan Bingo is on the horizon!

It is set to be a fantastic night of fun and laughs. Find out more details overleaf and get your tickets early before they sell out!

New Laptops for Students

Thanks to a community partnership grant from Alcoa, Jarrahdale Primary School students are now learning on brand new laptops. These devices are already being used daily in classrooms to support interactive lessons, creativity, and digital learning.

Get Involved in 2026

Nominations for all P&C positions for 2026 are now open. If you have ever thought about joining, now is the perfect time to get involved, meet other parents, and help shape the future of our school community.

Presentation Night – Thursday, 11 December 2025

We look forward to celebrating the end of another wonderful year and hope to see the whole community there!

Kind regards,
Megan Lynn
P&C Treasurer

CONTAINERS FOR CHANGE

Jarrahdale Community Initiative

We would like to express our gratitude to Jan and Chris Booth for their unwavering commitment to organising Containers for Change. Their dedication is instrumental in ensuring the success of this initiative, which benefits not only the Jarrahdale Primary School P&C but also the Jarrahdale Community Collective and the Jarrahdale Volunteer Bushfire Brigade.

Please remember these bins are only for eligible containers marked with a 10c rebate stamp. Please do not put rubbish or unmarked containers in these blue bins as our volunteers are the ones that have to clean it up.

If you have any questions or require additional information, please do not hesitate to reach out.

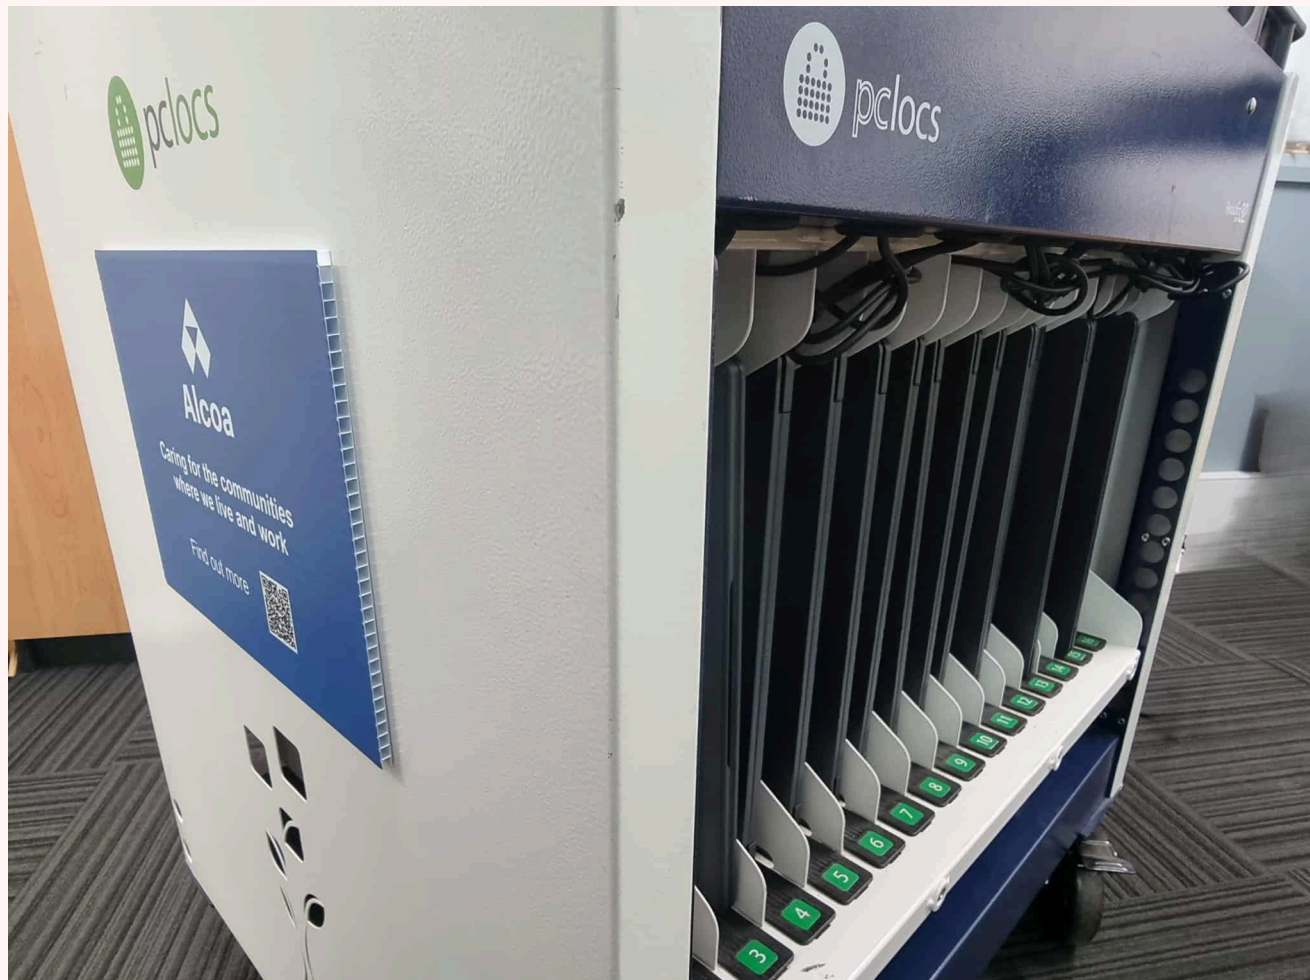

Thank you for your support and involvement.

NEW LAPTOPS FOR JPS STUDENTS

We are excited to share that our students are now using brand new laptops to support their learning across all areas of the curriculum. These devices are already being used daily in classrooms to enhance lessons, develop digital literacy, and give students access to a wide range of creative and interactive learning tools.

The upgrade comes as part of the Department of Education's transition to Windows 11, ensuring school technology remains secure, supported, and aligned with modern teaching practices. These new laptops mean students can continue to learn, create, and collaborate using up to date technology that prepares them for the world beyond primary school.

We were also pleased to welcome Ellen and Georgia from @Alcoa to the school to see the new laptops in action and meet some of the students benefiting from their support. A big thank you to Alcoa for helping make this possible through their community partnership program. Their contribution has ensured our students remain connected, capable, and confident learners in an ever evolving digital world.
